[redacted] FBIS, Administrative Section, APO 96239

Mr. Paul Coleman, OCPD, HQ USARYIS, APO 96331

STAT

*this is fine for the military, but as protection
for us I recommend we oversee "matters
not directly related to employee's status...."
(line 6).*

STAT

In order to insure effective administration of TCN employees utilized by the Services on Okinawa after "R" Day, matters concerning employment, policy, or tri-service interest-type matters affecting TCN's will be referred to the Chairman, Subcommittee #1 for referral to committee members and concurrence/agreement prior to promulgation. Matters not directly related to employee's status, i.e., resident status, payment of taxes, visas, and alien resignation status are not considered appropriate for U. S. Forces consideration; and, accordingly, are the responsibility of the individual employee and will be pursued as an individual matter by employee. Official information on the latter subjects received from reliable sources will be transmitted to the employees, but USFO will not attempt to fulfill the private obligations of employees.
